- For your safety and the protection of those around you, the use of portable space heaters and burning candles is strictly prohibited. Safety inspections may be conducted on occasion to ensure that appliance usage, wiring, and operation of appliances and fixtures is safe.

Following these guidelines will provide continuity in the decor throughout the community and avoid the risk of personal items being moved or removed.

APARTMENT DOOR DECORATIONS

You may wish to make the entrance to your apartment unique and inviting. Please consider the following guidelines when decorating your apartment door and door entry area:

- You may place a decoration/wreath on your apartment door. Please use a wreath hanger, fish line, or suction cup. Please do not place a nail in your door or on the walls beside your apartment door.

Exceptions to this are gifts of candy, food items, or flowers which may be placed in the Associate Lounge for all to enjoy and share. An Associate may not accept gratuities or gifts and risk losing their jobs if they do. This is an important policy as we intend to give excellent, consistent customer service to all residents.

An Associate's excellence in service can be acknowledged by writing a letter of recommendation to the Executive Director or through a gift to the Holiday Gift Fund. Solicitations for contributions and distribution from the fund are handled by the Executive Director.

Associates are not permitted to solicit contributions for charitable organizations nor sell merchandise to residents. In addition, solicitation by residents to other residents is strongly discouraged.

We encourage you to inform your guests of our Community policy when visiting the dining room and using the guest rooms.

GUEST REGISTER

There is a guest register located at the front desk in the Main Lobby. We ask that all guests, Personal Service Providers, and visitors sign in and indicate whom they are going to see. This is intended to discourage unwanted visitors, salespersons, etc., from disturbing you and to assure safety of all in the event of an emergency.

For your comfort during the summer, we recommend that you keep the temperature setting no lower than 75 degrees, your control on the "cool" position and your fan control in the "auto" position.

If you are to be away from the Community for several days, please reset your thermostat at least 5 degrees warmer (up) in summer and 5 degrees cooler (down) in winter to conserve energy. Upon your return, gradually adjust the temperature setting, one degree at a time.

If you open a window, we ask that you turn your heating and air conditioning unit off for purpose of energy conservation.

Your heating and air conditioning units are serviced and maintained by maintenance associates on a regular basis.

Should a situation arise that the housekeeping department needs to change your weekly cleaning appointment, they will notify you as soon as possible. When a scheduled cleaning day falls on a holiday, you will be notified of your revised schedule in advance.

Housekeepers follow a regular bi-weekly schedule for cleaning apartments. Please be ready for your apartment to be cleaned on the scheduled day. If you have a scheduling conflict, please call the front desk.

Housekeepers follow a specific service process and outline. During your normal housekeeping schedule, the housekeeper cannot provide services outside of this outline including but not limited to bio-hazard materials such as blood, feces, urine, or vomit.

Additional housekeeping services, outside of your bi-weekly service, can be arranged. Please contact the Concierge for a list of these additional services and to schedule an appointment with the Business Office Manager. Additional housekeeping services will require an additional fee.

INSURANCE

It is recommended that you maintain a renter's insurance policy which includes liability coverage on your personal belongings. Please discuss your specific insurance coverage with your insurance agent.

Please report a lost key or fob to management immediately.

If you lose your keys or would like duplicates, please notify the Front Desk to complete a Work Order Request. See the Additional Services and Fees appendix to the Residency Agreement for applicable charges to your account.

Residents are not allowed to change door locks. All changes to locks will be made by management. Door chains or extra deadbolts are not allowed, as apartments must be accessible by staff in the event of emergency. Upon move out, there is a charge for any keys, gate openers or fobs not returned.

Exterior doors are to be kept locked and closed at all times and should not be propped open.

Mailboxes for residents are located on the first floor. Your mailbox number can be found in the Welcome Packet or can be obtained from the Concierge.

Please ensure that all correspondence includes your apartment number as part of your address. Upon move in or move out, it is the resident's responsibility to complete an appropriate change of address form with the U.S. Postal Service.

Personal deliveries such as packages, flowers, and other large items will be delivered to your apartment. In the event you are not home during the delivery the Concierge, in the Main Lobby, will accept your packages. The concierge will contact you in the event you have a delivered item. Please notify the Front Desk if you are expecting a special delivery that you want us to hold on your behalf. Mail that does not belong to you should be turned in to the Front Desk. Mail drop boxes for outgoing mail are located in Postal Center or could be left with the Front Desk.

Medications or drugs sent by mail may not be accepted or left at the Front Desk unless prior written authorization is given by Resident and approved by the Executive Director.

MAINTENANCE REQUESTS

Maintenance associates of the Community are responsible for the repair and maintenance of your apartment and the common areas. Should you have a problem with your apartment or would like a maintenance job performed, please contact the Front Desk in the Main Lobby so a

Work Request can be processed. Work will be scheduled according to urgency. We strive to complete your work request within a timely manner, Monday through Friday, excluding holidays.

You will be notified if you are not at home. Maintenance is available 24 hours per day for emergencies. Routine maintenance on resident apartments will not be scheduled for evenings or holidays.

The Maintenance Department has established an ongoing Preventive Maintenance (PM) Program on the principle that it is cost effective to check equipment in your apartment on a regular basis, thus reducing the number of possible failures. SAFETY

General Safety / Use of Oxygen

- We request that you not store flammable or combustible materials in your apartment.
- Any physician-prescribed oxygen system in your apartment must meet life safety standards. Any use of oxygen or oxygen equipment must be reported to the Executive Director. If we determine that your personal situation is not conducive to the safe storage of oxygen in your apartment, we will ask you to make alternate arrangements for the provision of such tanks. Small tanks or other packaging is permitted.
- Weapons are forbidden to be brought into the Community at any time for the safety and well-being of the residents and staff. This includes, but is not limited to fire arms and knives. This applies to any visiting guests.
- Space heaters are not permitted.
- The use of candles is not permitted in your apartment. For emergencies, you may want to keep a flashlight and extra batteries on hand.
- Needles: For residents using needles and syringes for health care needs (such as diabetics), these items must be disposed of in an approved "Sharps" container approved by state and federal law, provided by the resident

Your compliance with these safety measures is greatly appreciated.

Fire Alert Systems

There are three systems which alert Community associates to the possible existence of a fire.

1. **SMOKE DETECTOR SYSTEM.** Smoke detectors are located in your apartment, the hallways, and common areas within the community. When a smoke detector is activated in your apartment, it will make a very loud sound. The smoke detector in each apartment is connected the Main Building Fire Alarm System. The Fire Department will be called if there is a fire emergency.
2. **MAIN BUILDING FIRE ALARM SYSTEM.** This system consists of horn and strobe alarms. They are activated by smoke/heat detectors located in the hallways. This alarm will generate an automatic response from the Fire Department. It indicates a fire or smoke situation in an apartment or in the hallway.
3. **SPRINKLER SYSTEM.** There are sprinkler heads located in each apartment and common areas. The sprinkler system releases water through the sprinkler head in your ceiling once a certain temperature is reached. If this sprinkler releases, an alarm sounds and the Fire Department will automatically respond.

Fire Emergency Procedures

Your safety and well-being are important considerations of the Community. Your Community is designed and equipped with fire safety equipment that meets or exceeds state regulations. We also prepare associates and residents for a potential fire emergency. Associates are instructed about safety, evacuation procedures, and assisting residents. The following outlines what you can personally do in the event of a fire. We strongly urge you to carefully review these guidelines. Planning ahead will help you respond more quickly, calmly and positively.

If you See or Smell Smoke

If you see or smell smoke, call 911 and/or notify the Concierge in the Main Lobby. REMAIN CALM.

If There is a Fire in your Apartment

If able, get out of your apartment and call 911. Do not take time to remove personal belongings. Shut the door to your apartment. Do not take time to lock it.

When you Hear the Fire Alarm in your Apartment

If the fire is not in your apartment, the safest place to be is in your own apartment. Your apartment has sprinklers. At the sound of the fire alarm, you can:

- Stay in your apartment
- Keep the doors closed
- Wait for instructions from associates or the Fire Department, or
- Exit the building, or
- Go to the nearest stairwell and wait for emergency personnel

When the smoke detector in your apartment is activated and there is no fire, call the Front Desk in the Main Lobby for assistance. An associate will respond to your apartment to investigate. The smoke detector in your apartment (will notify associates of the situation) and sound an alarm in your apartment only.

When you Hear the Fire Alarm in a Common Area or Hallway

If you are in a hallway or common area when the fire alarm sounds, you should:

- Do not use the elevator.
- Wait for instructions from associates or the Fire Department.

Tornado Procedures

Built with a solid wood frame, the Community is a safe and secure location during the unfortunate event of a tornado. If you hear a tornado warning, remain calm. Move to a central hall away from windows, closing doors if you are able.

SECURITY

The Community is equipped with features to assist with the provision of a safe and secure environment. This includes deadbolt locks on your apartment doors, peep holes for your

discretion in admitting visitors, and a controlled building entrance. Management also conducts criminal background checks and drug screens on all employees.

The task of keeping the Community safe and secure is not possible if we rely solely on our Associates. We need YOUR help as well. This includes:

- Not letting anyone in your apartment that you don't know and trust - especially if they tell you they are selling something or want to speak with you about a product or opportunity
- Contacting Management or calling the police (911) if you see anything suspicious in or around the Community campus
- Keeping your Apartment door locked at all times, especially when you are not in it

SMOKING POLICY

The Community promotes the health and safety of our residents by providing a smoke free environment. Smoking is not permitted anywhere on the campus.

Failure to comply with the non-smoking policy will be reported to the Executive Director and may result in the resident's termination of residency at the Community.

SOLICITATION

Door to door solicitation by residents or non-residents is prohibited. At the discretion of management, an opportunity may be provided to solicit for fund raising activities, products, services or types of educational programs that may be a direct benefit to residents. Legally, any multi-housing facility cannot prohibit political candidates from entry and campaigning within the community. Management encourages political candidates to meet with residents through an organized meeting.

For your convenience, a trash compactor is located on the property. Please do not set any trash or trash cans outside of your apartment on non-trash days as this attracts ants, dogs, cats, etc. Place all trash in plastic bags or other secure containers to keep trash areas neat, clean and relatively odor free. Plastic bags are to be tied to prevent papers and other items from falling out. Please help to maintain all areas litter free for the health, appearance and enjoyment of the entire community.
